## “Carignan on slate soil”

**Grape Varieties:** 100% Carignan.

### Soils & Vines:

It is made from the best grapes of two plots: “Vinya de l’Avi” planted in 1946 and “El Roqué” planted in 1969, with an altitude over 200 m above the sea level and oriented to the southeast.

### Viticulture:

We practice traditional viticulture with environmentally-friendly methods, doing everything we can to help the grapes express the real character and identity of our land.

### Harvest & vinification process:

Hand picking harvest in plastic crates of 10 kg, carrying out a first sorting in the vineyard and a second berry by berry in the cellar. Cold soak (4°C) and alcoholic fermentation at controlled temperature over 26-28°C.

We combine the processing techniques punching down (pigeage) and pump over to extract the great personality of their grapes. Long maceration and pressing at very low pressure. Aged for 16 months in French oak barrels, stirring the lees (bâtonnage) and malolactic fermentation in them that will qualify harmonically its aromatic expression. Bottled without fining or filtering.

**Alcohol content:** 14,5 %vol.

**PH:** 3.5

**Total acidity:** 5.85 gr/l (a.t.)

**Residual sugar:** 0.4 g/l

**Bottled:** 01/07/2014

**Limited Production:**

1.100 bottles (750 ml)

### Tasting notes

Bright cherry color.

Elegant bouquet with ripe black fruit expression, graffiti and balsamic notes, all surrounded by the minerality of its slate terroir.

On the palate, silky and enveloping beginning, round tannins and lively acidity, shows Carignan elegance on its soils, leaving a long and sweet ending.
